The ConfidencePlus® warranty program does not apply to the following:

- Removal for capsular contracture for saline implants
- Dissatisfaction with implant size or aesthetics
- Adverse reactions other than implant deflation, rupture, or capsular contracture (Baker Grade III/IV)
- Loss of product integrity caused by cosmetic revision surgery
- Loss of product integrity caused by open or closed capsulotomy
- Other manufacturers’ products
- Financial reimbursement for a replacement product that is not a Natrelle® style breast implant in lieu of a Natrelle® style replacement product

To submit a claim:

Your surgeon must contact the Allergan Product Surveillance Team at 1-800-624-4261 prior to replacement surgery. The surgeon is required to return the explanted, disinfected Natrelle® breast implant(s) within 3 months of the date of explantation. Allergan requests the return of all explanted breast implants associated with a complaint to assist with evaluating and maintaining the quality and safety of Natrelle® breast implants. Financial assistance will be issued upon receipt and verification of the explanted product(s), the Returned Goods Authorization (RGA), and the patient’s warranty general release.

Enrollment:

For Natrelle® Gel patients, enrollment in the ConfidencePlus® Premier warranty is automatic and free. You do not need to do anything.

For Natrelle® saline patients, the ConfidencePlus® standard warranty is automatic and free. However, if you would like to upgrade to the ConfidencePlus® Premier warranty, the enrollment fee is $200, and must be completed within 45 days of surgery by submitting the completed enrollment form by mail, fax, or online at www.cppwarranty.com.

Natrelle® ConfidencePlus® Warranty Program

Congratulations on your new look!

Whether you have chosen Natrelle® Gel implants or saline, you can have the satisfaction of knowing that you’re backed by the Natrelle® warranty program. Natrelle® is the first and only warranty program that comes with FREE breast implant replacement for up to 10 years in the event of capsular contracture (Baker Grade III/IV) for all Natrelle® Gel implants. Plus, if you need an implant replacement, you may choose any Natrelle® style implant within a comparable size range.

Who may get breast implants (INDICATIONS)?
Natrelle® Breast implants are indicated for women for the following:
• Breast augmentation for women at least 22 years old for silicone-filled implants.
• Breast augmentation for women at least 18 years old for saline-filled implants.
• breast reconstruction for cases of:
  - Breast augmentation includes primary breast augmentation to increase breast size, as well as revision surgery to correct or improve the result of a primary breast augmentation surgery.
  - Breast reconstruction includes primary reconstruction to replace breast tissue that has been removed due to cancer or trauma or that has failed to develop properly due to a severe breast abnormality. Breast reconstruction also includes revision surgery to correct or improve the result of a primary breast reconstruction surgery.

Products covered
The Natrelle® warranty program applies to all FDA-approved Natrelle® breast implants, the products have been used:
• As intended by appropriately qualified and licensed surgeons, in accordance with current and accepted plastic surgery techniques
• In accordance with the current Natrelle® Breast Implant Directions for Use, found at www.allergan.com/labeling/sqa.htm

Events covered
The Natrelle® warranty program applies only to cases of:
• Loss of shell integrity, resulting in implant rupture or deflation that requires surgical intervention
• Capsular contracture (Baker Grade III/IV) with Natrelle® Gel implants that requires surgical intervention

Special considerations
Each Natrelle® breast implant is covered individually. So, in the case of rupture, deflation, or capsular contracture (Baker Grade III/IV), you may choose to replace both implants or only the damaged implant. Coverage of the opposite (contralateral) implant will continue for the remaining life of the warranty.

Natrelle® ConfidencePlus® Warranty Program

IMPORTANT SAFETY INFORMATION
Who should NOT get breast implants (CONTRAINDICATIONS)?
Breast implant surgery should not be performed in women with active infection anywhere in their body, with existing cancer of a previous breast cancer who have not received adequate treatment for those conditions, and women who are currently pregnant or nursing.

Please see additional Important Safety Information on next page.
What else should I consider (WARNINGS)?

Breast implants are not lifetime devices or necessarily a one-time surgery. You may experience unacceptable dimpling, puckering, wrinkling, or other cosmetic changes of the breast, which may be permanent. Breast implants may affect your ability to produce milk for breastfeeding. Silicone-filled implants may rupture without symptoms. MRI examinations 3 years after surgery and then 2 years after can detect ruptures. Symptoms of a ruptured implant may be hard knots or lumps surrounding the implant or in the armpit, change or loss of size or shape of the breast or implant, pain, tingling, swelling, numbness, burning or hardening. Talk to your doctor about removing ruptured implants. Inform any other doctor if you have implants.

If you have Natrelle® Saline-Filled Breast Implants, you have the option of upgrading your standard warranty to ConfidencePlus® Premier. For $200, the ConfidencePlus® Premier warranty offers financial assistance of up to $2400 for surgery costs in the event of an implant rupture.

With Natrelle®, you’re choosing more than an implant, you’re choosing a partner. And as your partner, we have the confidence to offer you one of the best warranty programs in the industry.

IMPORTANT SAFETY INFORMATION (continued)

If you elect to have surgery with Natrelle® Gel breast implants on/after November 1, 2014, you are automatically enrolled.

Register online and see complete terms and conditions at www.cppwarranty.com/termsconditions.aspx
**Natrelle® ConfidencePlus® Warranty Program**

All Natrelle® Gel breast implants come with a FREE 10-year warranty covering capsular contracture (Baker Grade III/IV).

**For deflation or rupture**

| Financial assistance | $0 | $0 |
| Implant | No replacement | No replacement |
| Contralateral implant | No replacement | No replacement |

For Gillette® Saline-Filled Breast Implants patients with a deflation, you can upgrade to gel implants at the time of replacement and pay the additional cost difference.

**What types of conditions require more study (PRECAUTIONS)?**

Cautions: Notify your doctor if you have any of the following conditions, as the risks of breast implant surgery may be higher: autoimmune diseases, a weakened immune system, planned radiation therapy to the breast or planned chemotherapy following breast implant placement, conditions/medications that interfere with wound healing and blood clotting, reduced blood supply to breast tissue or a clinical diagnosis of drug addiction, other mental health disorders, body dysmorphic disorder and eating disorders. These disorders should be resolved or stabilized prior to surgery.

**What types of conditions are recognized with complications (COMPLICATIONS)?**

Key complications are reoperation, implant removal with or without replacement, rupture implant surgery for complex breast asymmetry, capsule contracture, and breast implant rupture. Other complications include asymmetry, nipple/areola/skin sensation changes, scarring or hardening, lumps or swelling, and loss of breast volume. To report a problem with Natrelle®, please call Allergan Product Support at 1-800-624-4261.

**How do I enroll in the ConfidencePlus® Warranty Program?**

1. To enroll in Natrelle® ConfidencePlus® Warranty Program, complete the tear-off form or register online within 45 days of your surgery.

Events not covered
The ConfidencePlus® warranty program does not apply to the following:

• Removal for capsular contracture for saline implants
• Dissatisfaction with implant size or aesthetics
• Adverse reactions other than implant deflation, rupture, or capsular contracture (Baker Grade III/IV)
• Loss of product integrity caused by cosmetic revision surgery
• Loss of product integrity caused by open or closed capsulotomy
• Other manufacturers’ products
• Financial reimbursement for a replacement product that is not a Natrelle® style breast implant in lieu of a Natrelle® style replacement product

To submit a claim
Your surgeon must contact the Allergan Product Surveillance Team at 1-800-624-4261 prior to replacement surgery. The surgeon is required to return the explanted, disinfected Natrelle® breast implant(s) within 3 months of the date of explantation. Allergan requests the return of all explanted breast implants associated with a complaint to assist with evaluating and maintaining the quality and safety of Natrelle® breast implants.

Financial assistance will be issued upon receipt and verification of the explanted product(s), the Returned Goods Authorization (RGA), and the patient’s warranty general release.

Enrollment
For Natrelle® Gel patients, enrollment in the ConfidencePlus® Premier warranty is automatic and free. You do not need to do anything.

For Natrelle® saline patients, the ConfidencePlus® standard warranty is automatic and free. However, if you would like to upgrade to the ConfidencePlus® Premier warranty, the enrollment fee is $200, and must be completed within 45 days of surgery by submitting the completed enrollment form by mail, fax, or online at www.cppwarranty.com.
